CAPACITI BANK · SENTIMENT ANALYSIS

From noise to knowing

Tshepiso Freddy Thosago

BCom Information Systems

tshepisofrominnostation.github.io/banking-sentiment-dashboard

ACT I · THE BANK

Everything measured. Nothing heard.

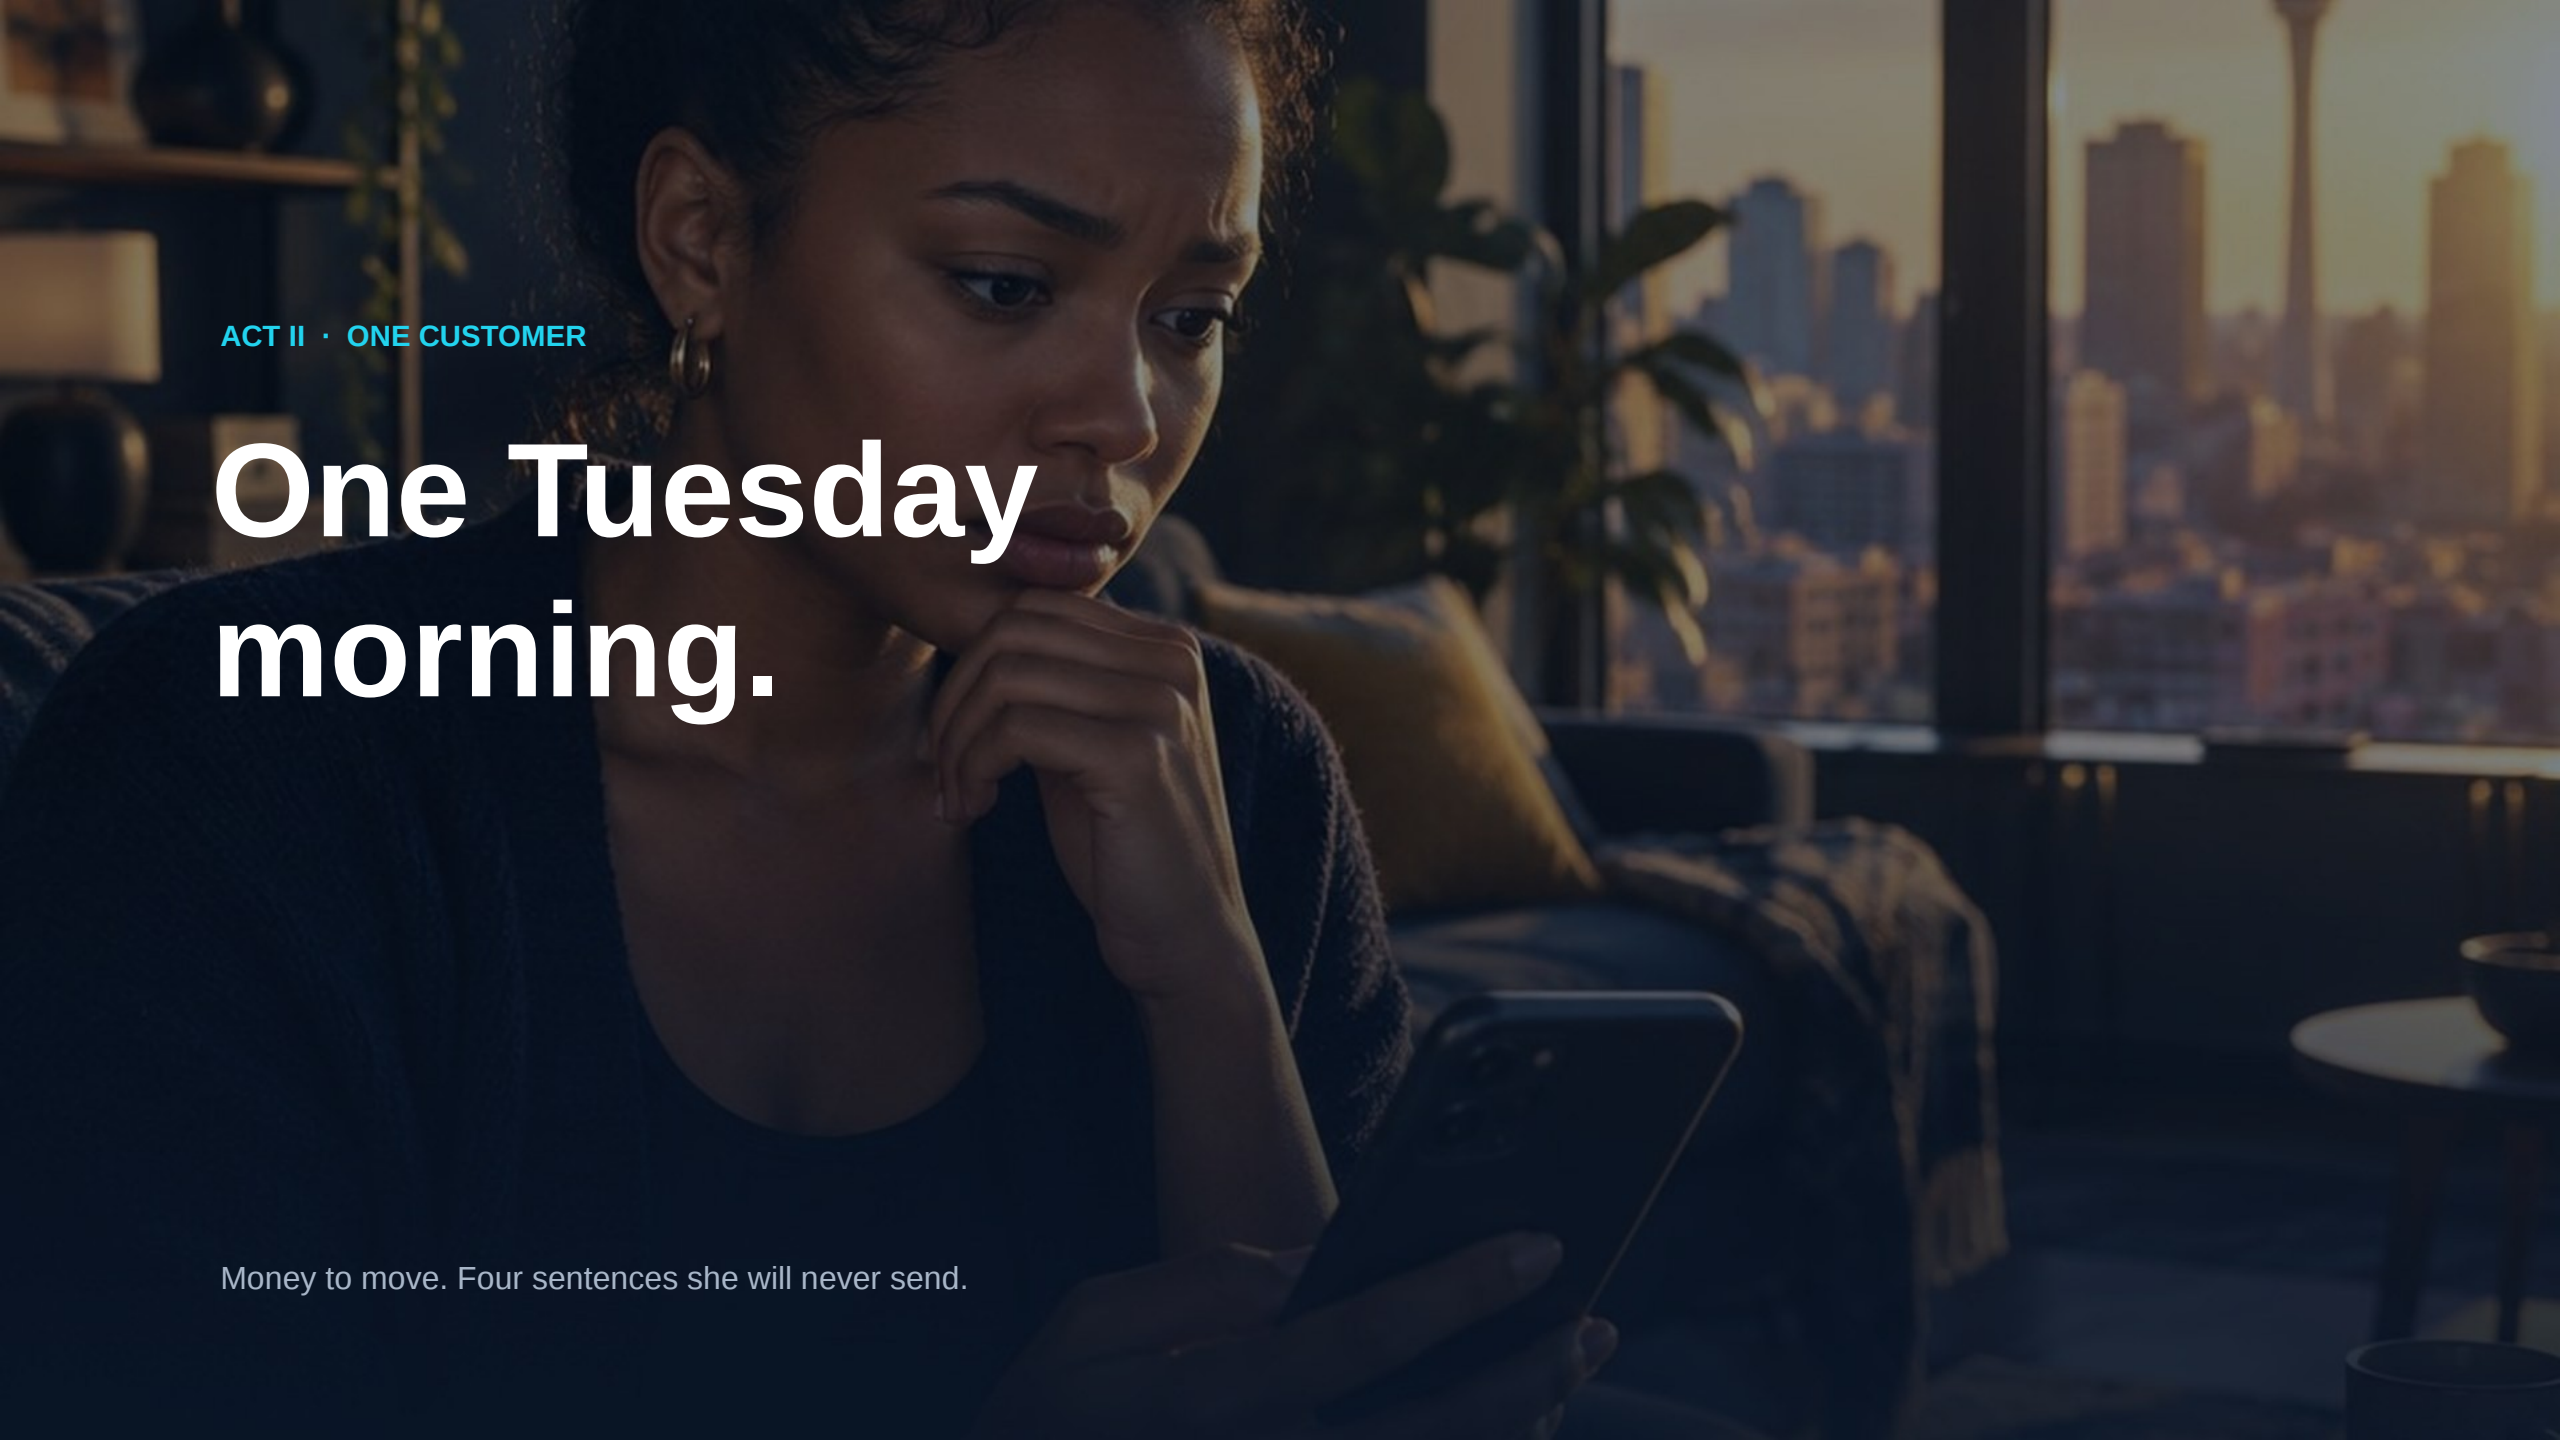

App stores · social media · branches · ATMs

ACT I · THE NOISE

Thousands of words. Nobody reads them.

51.2% of it is negative

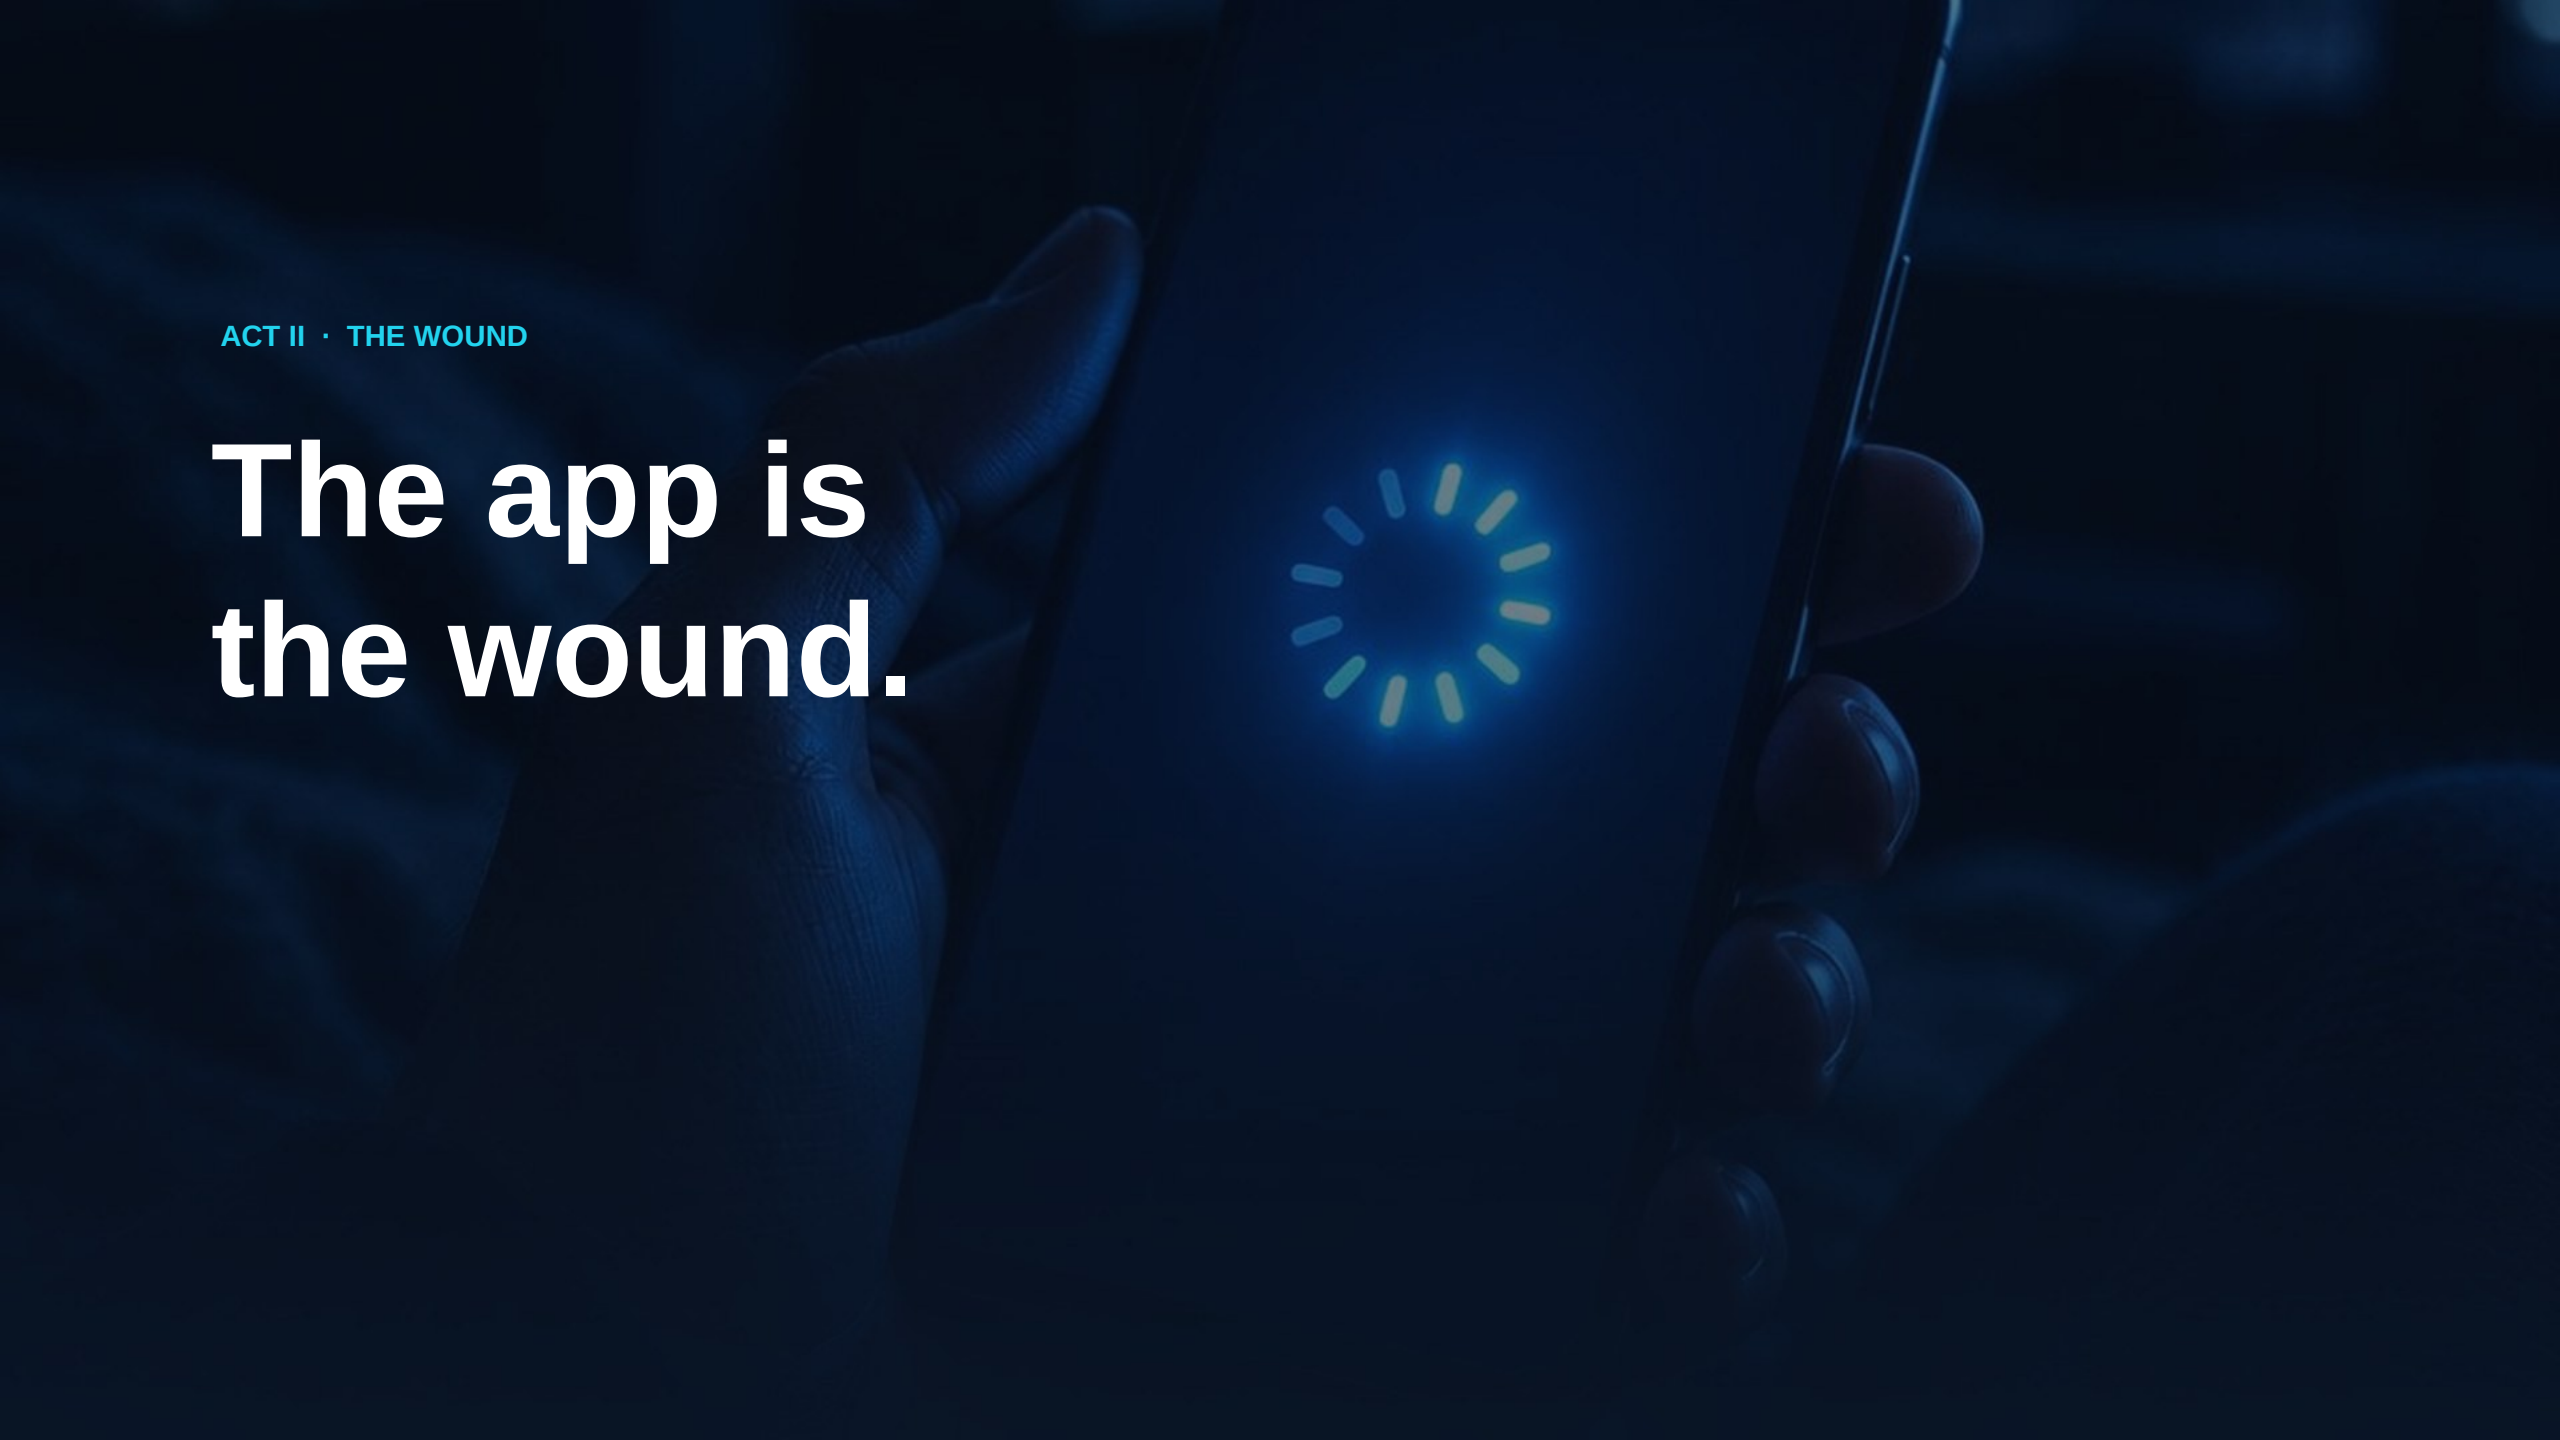

ACT II · ONE CUSTOMER

One Tuesday morning.

Money to move. Four sentences she will never send.

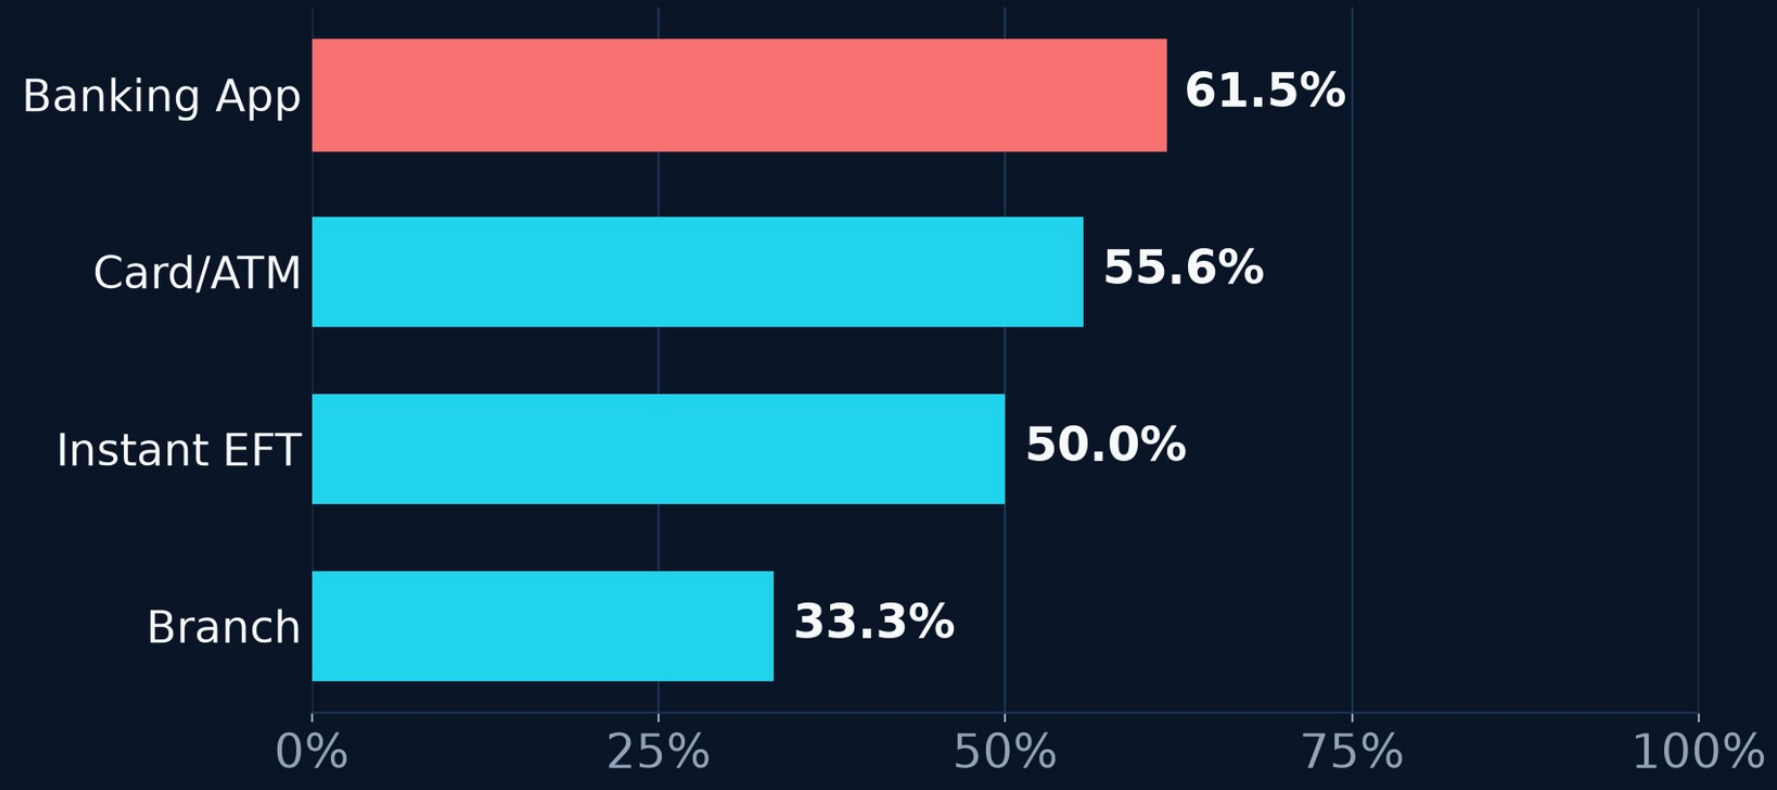

ACT II · THE WOUND

The app is the wound.

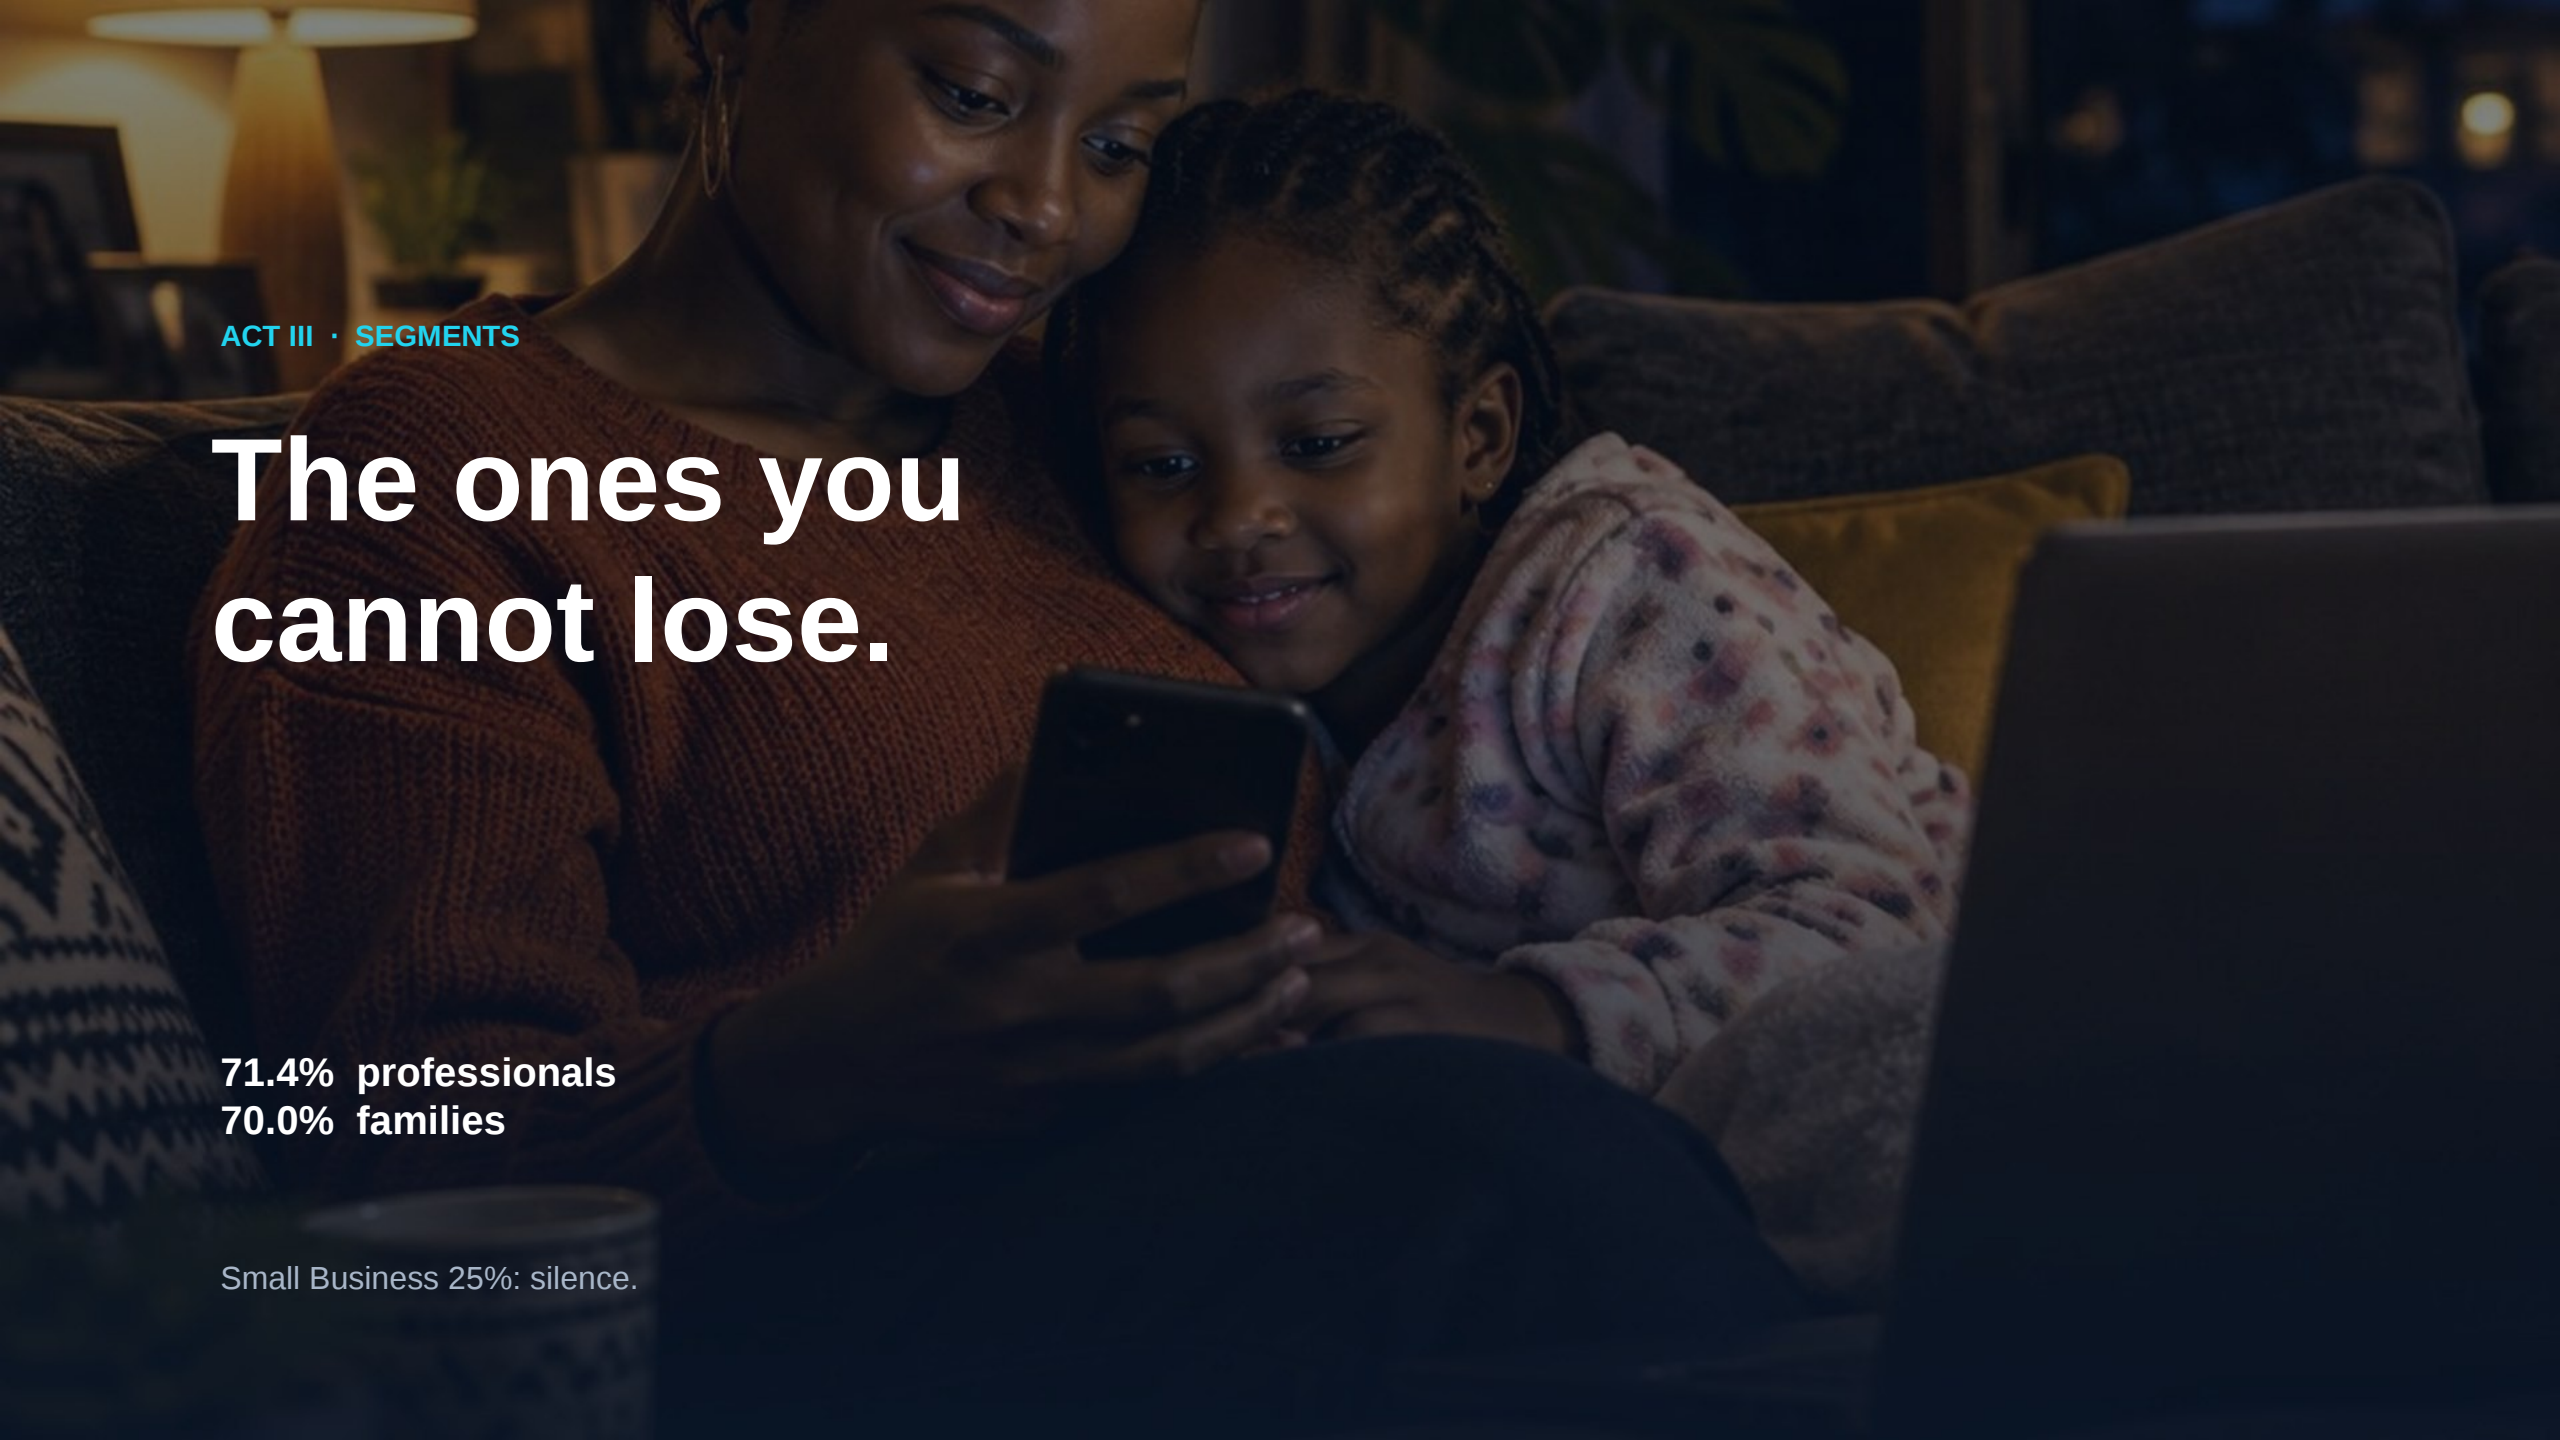

ACT III · THE EVIDENCE

61.5% negative. The worst of four.

Branch, with a human: 33.3%.

ACT III · SEGMENTS

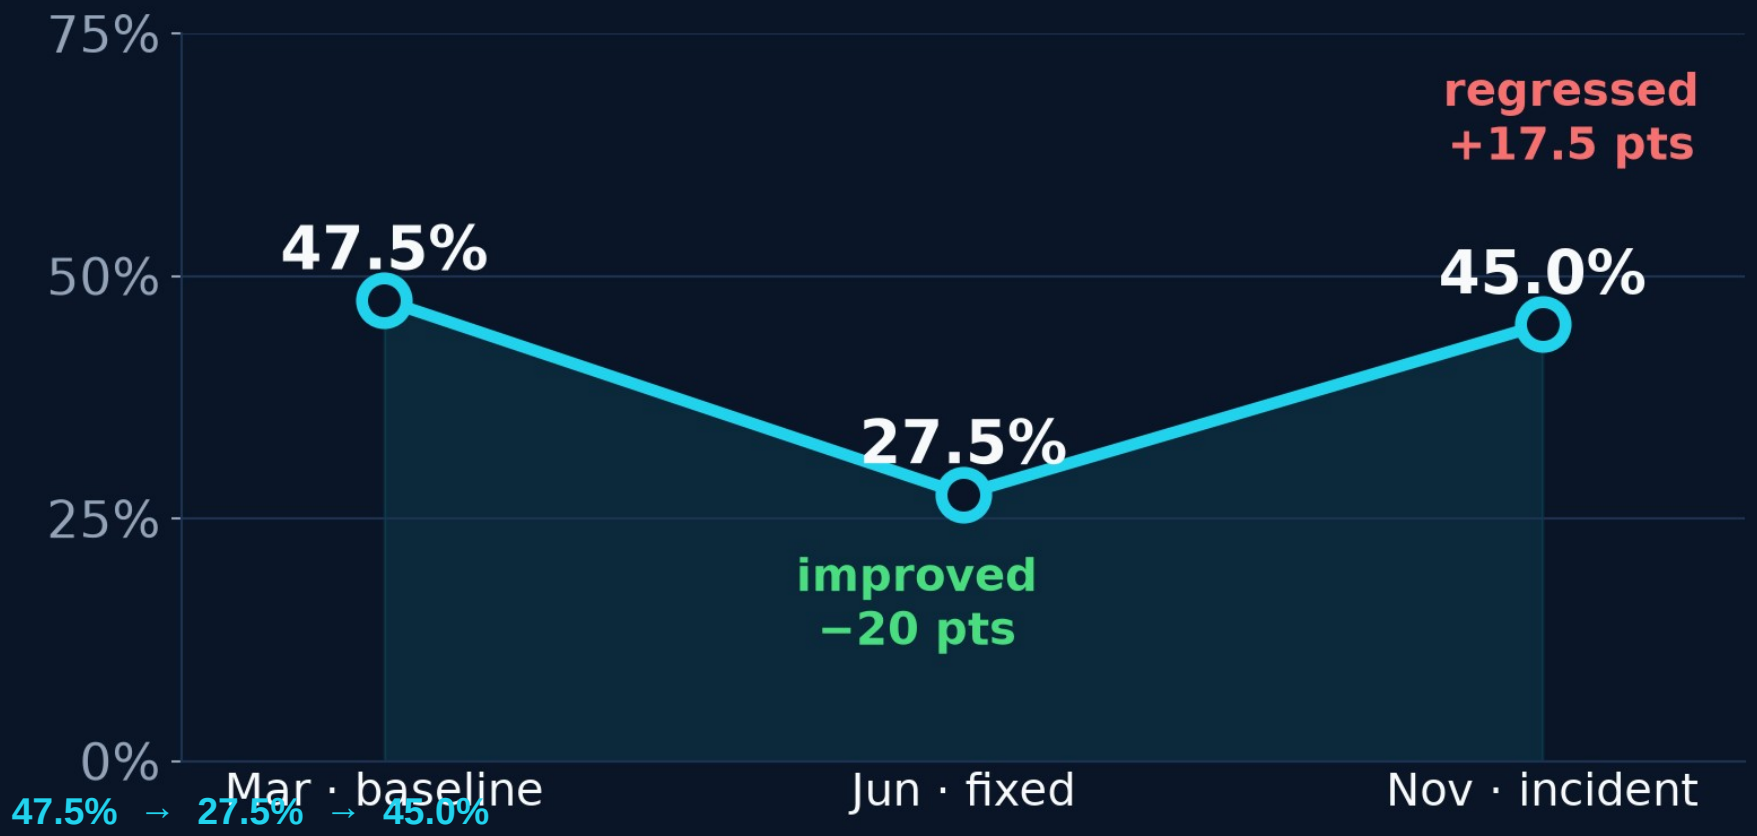

The ones you cannot lose.

71.4% professionals
70.0% families

Small Business 25%: silence.

ACT IV · THE INSTRUMENT

It caught a fix. And a regression.

47.5% → 27.5% → 45.0%

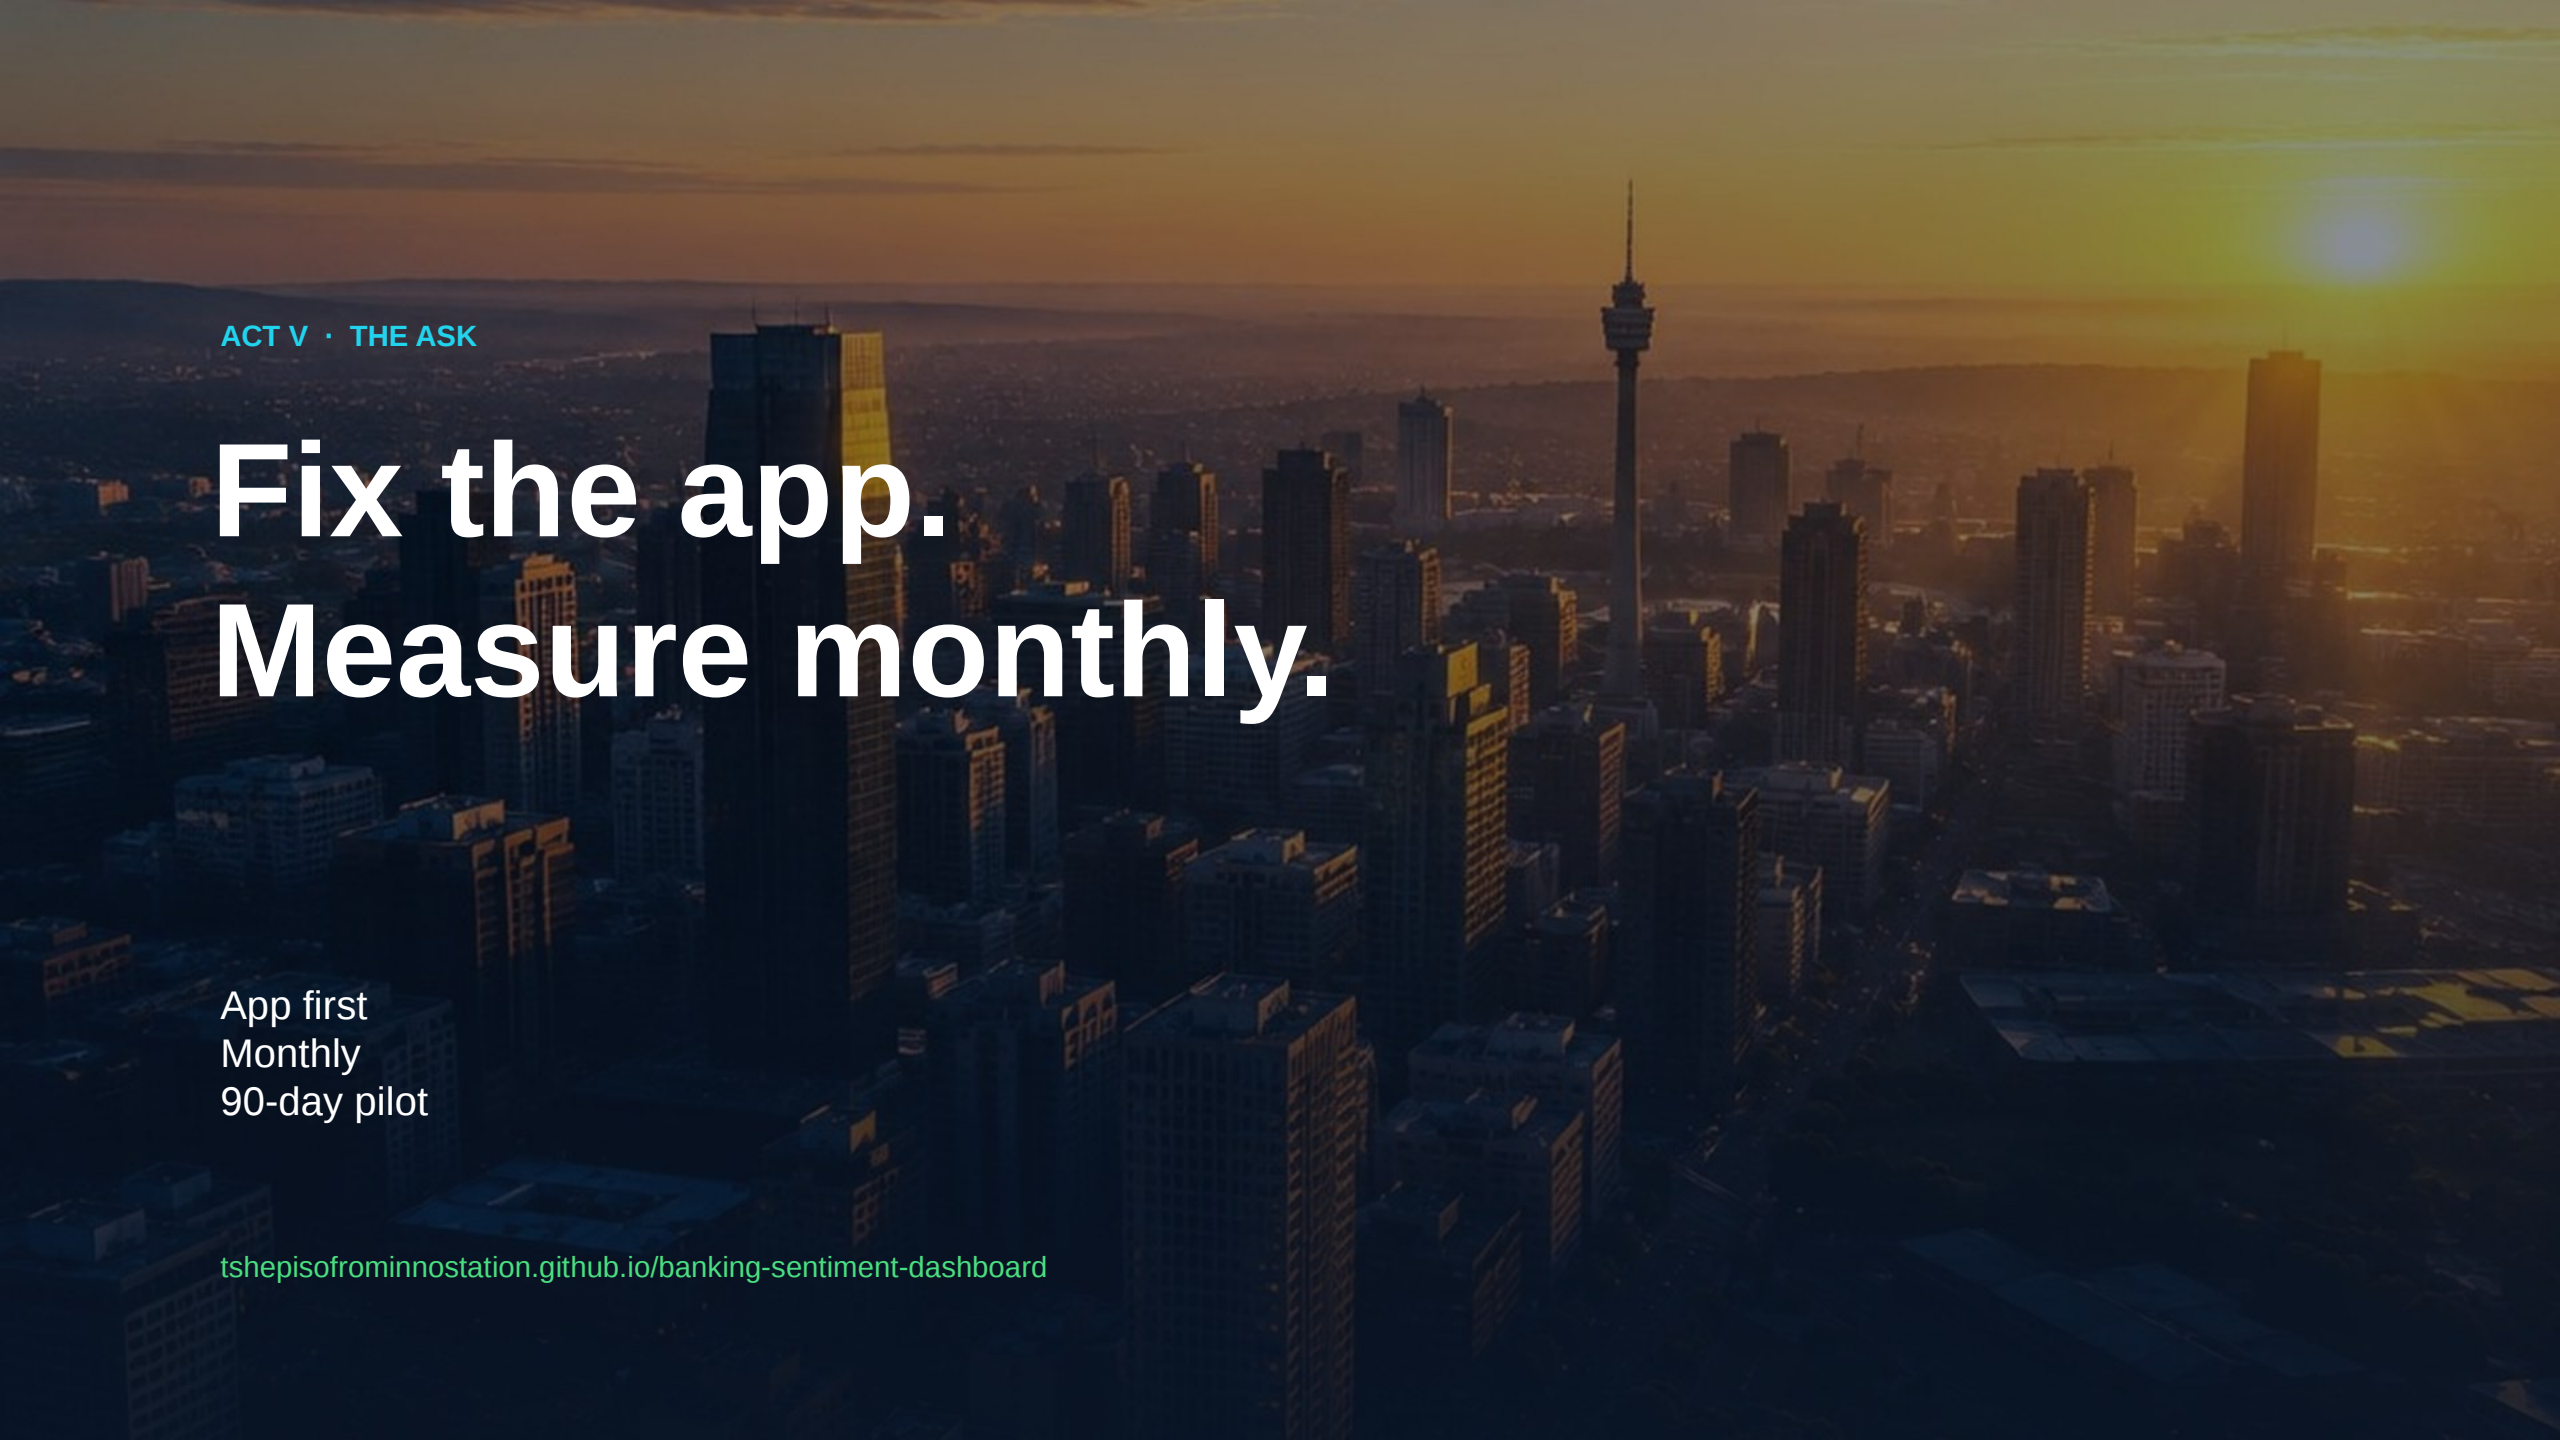

ACT IV · THE PRODUCT

Open it. It is live.
